----An Astonishing Pact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these discases upon the masses of intelligent and val-nable people is most alarming, making life actually a burden instead of a pleasant exi-tence of enjoyment and usefulness as it sought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower, Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent. Oct. 18, '77-1y.
